Chancellor's Message

We at Kalinga University are dedicated to nurture scholars who will contribute to society by advancing knowledge and imparting it to new generations of students.

Society is changing rapidly in ways which will have a profound impact on the role of universities. The challenge - shared by all universities - is to help to generate the intellectual property which will create new jobs and to educate and train people to work in fields where they will be valued both for their specialized knowledge and for their ability to research, communicate and solve problems.

Key to meeting these challenges is the need to build on the alliances and collaborative partnerships the University has established with business, industry, government, and other research institutions. This will help to ensure the ongoing relevance of our academic programmes and the continued excellence of our teaching, learning and research.

Our challenge for the future is to build on this strong base to establish ourselves firmly among the world's leading universities. As we create a supportive and challenging campus environment that enhances students' personal and social growth, and helps develop personal resources needed to succeed in college and beyond. I hope you will support us in that Endeavour.

Affectionately

**Dr. Badrinath Patnaik
Chancellor**

message

Seize the opportunities that will shape your future

The global economic scenarios, the rapid rate of technological advancement, the information revolution, all have initiated new series of challenges as well as opportunities. Today, change is so rapid that the educational system has to keep itself abreast with the latest development. The ability to innovate and the capacity to acclimatize to latest technologies is the forte of the new century. The educational institutions thus have to take the responsibility of developing and nurturing their students. It is possible for each and every one of us to make a difference, for transformation begins with each individual's effort and vision.   As we consider what contributions we may bring to the world – what we may share with others – perhaps nothing is more important than spreading Knowledge and helping our students in conscious cultivation of their own thoughts.

We at Kalinga University provide you with an outstanding learning environment and life changing opportunities that will prepare you for success. In your academic pursuits, we encourage you to take full advantage of the resources that we are providing. We assure you that we stand ready to provide you all with the services you will need to grow academically, socially, and personally. We hope to play a central role to all our students in making their experience as productive and rewarding as possible.

Preparation for your career is one of the first things you think about as you start University. As eager students looking forward to shape your future, we warmly welcome you to be a part of our campus and partner with us in your growth.

Affectionately

**Dr. Sandeep Arora
Pro Chancellor**

A warm welcome at Kalinga University

We offer an inspiring educational experience

We will encourage you to challenge and stretch yourself in ways you might not yet think possible. Your degree from Kalinga–combined with the huge variety of opportunities and activities on offer here and with the experience of this vibrant city will transform your sense of your own possibilities as a highly employable person and as a responsible citizen.

Kalinga University is dedicated to nurture students who will contribute to society by advancing knowledge and imparting it to new generation of students. In a world where change is inevitable, only one thing is certain i.e Knowledge. It will surely be a key resource and will be highly sought after, within India and around the globe. Our focus is to generate the intellectual property which will create new jobs and to educate and train people to work in fields having potential for growth of their specialized knowledge and for their ability to research, communicate and solve problems. We hope to play a central role in making your experience as productive and rewarding as possible.

Looking around the University's beautiful and peaceful campus, it is easy to nurture the creative buds of our students so that they can open their wings and can fly high to achieve greatest heights. As we believe it is possible for each and every one of us to make a difference with our efforts and vision.
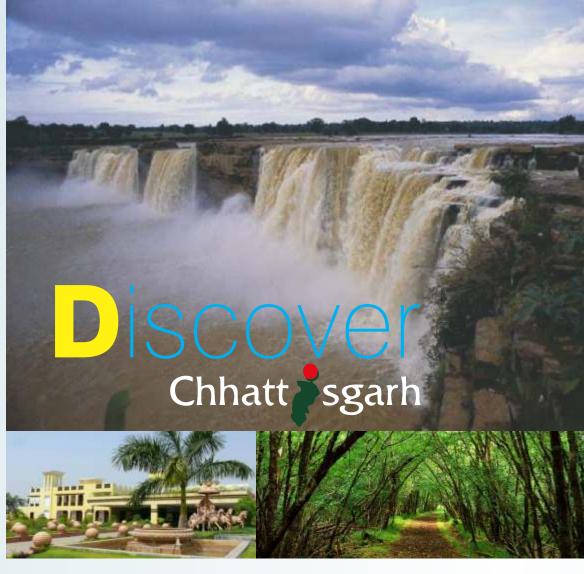

Let's strive to keep excellence, integrity, accountability, respect and service in mind throughout the academic year and pursue a common goal in and outside the classroom. It will open a myriad of opportunities for all of us truly to shape the world.

I wish you all the best for future career as students of this University.

Affectionately

Dr. Jagannath Patnaik

Chhattisgarh

Discover
Chhatt**i**sgarh

India, a country that occupies the greater part of South Asia never ceases to amaze. It remains one of the most ethnically diverse countries in the world and is known for its history, democracy and diversity. Apart from its many religions and sects, India is home to innumerable castes and tribes, as well as to more than a dozen major and hundreds of minor linguistic groups from several language families unrelated to one another. People here are also liberal and considerate. India is renowned for its art, culture, music, artists, musicians and an abundance of mountain ranges and national Parks. The Himalayas adorn India like a majestic crown on the head of an equally magnificent beauty.

As a tourist's paradise India attracts people from all over the world. Rich in monuments, historical buildings, tombs, churches, temples, museums, places of architecture, scenic beauty, and wild life sanctuaries, it stands as a beautiful haven for tourists. It has beauteous and harlequin green forests, a varied variety of flora and fauna, and has many rivers flowing through its fertile lands.

New Raipur, the city

Kalinga University is situated in Naya Raipur (New Raipur) , a new city of Chhattisgarh. Naya Raipur is serving as the administrative capital of the State and also caters to the infrastructural needs of industry and trade in the region. It is India's fourth planned capital city.

Vision

Kalinga University aims to be an outstanding institution for Talent Development and Knowledge Creation for a vibrant and inclusive society.

Mission

The primary purpose of Kalinga University is to provide a learning environment in which faculty, staff and students can discover, examine critically, preserve and transmit the knowledge, wisdom and values that will ensure the survival of future generations and improve the quality of life for all. The University seeks to help students to develop an understanding and appreciation for the complex cultural and physical worlds in which they live and to realize their highest potential of intellectual, physical and human development.

To fulfill our mission, we:

1. Offer broad and balanced academic programs that are mutually reinforcing and emphasize high quality and creative instruction at the undergraduate, graduate, professional and postgraduate levels.

2. Generate new knowledge through a broad array of scholarly research and creative endeavors, which provide a foundation for dealing with the immediate and long-range needs of society.

3. Achieve leadership in each discipline, strengthen interdisciplinary studies, and pioneer new fields of learning.

4. Promote the use of new technologies in Teaching and Research

5. Inculcate right values in students for their holistic development

Kalinga University at a glance

The Kalinga University , a premier institution of teaching and research in the country , is established under Chhattisgarh Private Universities (Establishment and Operations) Act 2005 and under section 2 (f) of UGC Act 1956.

An Elite academic experience at Kalinga University that pushes the boundaries of Knowledge.

Your academic studies will be challenging. We offer the highest quality academic experience and expect you to excel with Emphasis on Originality. Our outstanding and responsive support services will be actively available to you right from the start of the transition to University life until the end of your degree.

Our academic standards are high. Our glorious leafy campus, which is, arguably, unparalleled in the country, provides a backdrop to your day to day life and study.

The programs of the University focus on building depth of understanding, capacity for interdisciplinary learning and research, analytical skills ,critical thinking and communication in an atmosphere of academic freedom and integrity.

Push the **b**oundaries of **k**nowledge

We shape future

We offer lots of opportunities to develop skills and embrace new experiences and challenges outside your course to make you ready for the Industry. You will receive an outstanding learning experience here.

We offer finest teaching

Lectures are where you will listen to experts sharing their knowledge and discoveries in challenging and thought provoking ways. As a KU student you will be part of academic elite and will learn from leading experts. Your studies will be challenging and inspirational. Our faculties make sure that learning is a conversation, not simply a lecture.

We Provide opportunities for the best minds

We welcome students from a wide variety of social and cultural backgrounds and believe in promoting original thinkers, nurturing and stimulating inquisitive minds to create students with innovative ideas, perspectives and approaches.

Why Kalinga University

Infrastructure

- · ▸ Sprawling 30 Acres wi-fi campus
- · ▸ Well equipped IT, Engineering, Hotel, Hospitality, Science labs
- ▸ Well Stocked Library
- · ▸ Multimedia Class Rooms
- · ▸ Spacious Parking space
- · ▸ Hostel
- · ▸ Separate Common rooms for Girls and Boys

Student Facilities

- · ▸ Canteen
- · ▸ Indoors and Out door Games
- · ▸ Web and Mobile enabled academic information
- · ▸ University Transport

Special for the year 2014 – 15

- · ▸ 50 % Fee scholarship to Girls and SC / ST students in tuition fee

Advantage Kalinga

Living and learning are intimately intertwined at Kalinga. Co-curricular activities, performances, conferences, workshops, seminars, sports events are part and parcel of students' lives. We provide students with unparalleled freedom to cross departmental boundaries and discover intellectual and personal passion. Creative thinking, problem solving and research are central to the academic programs.

We work collaboratively to ensure that every student has the best possible education and we take continuous initiatives and provide resources which enrich students academic experiences at Kalinga, advancing diversity, preparing leaders and positioning Kalinga at the forefront of innovation in University education.

Kalinga Value Addition

In today's more-than-ever competitive world, every decision you make has an effect on your career. We understand the criticality of the opportunity and prepare the candidates with utmost confidence to make them the winners. Nowadays companies try contemporary ways to select a candidate. We know the gaps between what interviewers ask and what they get from candidates, and are able to fill up those gaps with our intensive Programs which include:

- Spoken English Classes
- Computer Applications Training
- Soft Skills and Personality development programs
- Competitive Coaching

- Data Analysis skills training
- Employability Training
- Group Discussions
- Access to latest journals and books

- Mock Interviews
- Placement Support
- Study Tours
- Extra / Co Curricular Activities

what it takes to be a successful person?

The rules for succeeding in industry are changing daily. More and more corporates around the world recognize that, in order to gain a competitive advantage, they also need to make sure their people know how to handle themselves at work and how to relate with their customers and peers. Soft skills are the underlying principles that trademark a company for professionalism and excellent customer service. That's why we impart soft skills to our students through different personality development courses. After all, they are the future leaders!

Life @ Kalinga

Kalinga University has been conceptualized as a centre for academic excellence. The 30 acres wi-fi campus has been carefully designed to conform to world standards. The Academic Block is fully air-conditioned and comprises of office spaces for faculty members, computer labs, regular class rooms with latest audio-visual facilities and a well equipped auditorium. The Students' Residential Blocks accommodate students and ensure that the students have world- class facilities from the spacious rooms provided with internet connectivity, recreational and reading rooms. The dining halls provide a range of hygienically prepared health cuisines to meet the demands of the students. Totally pollution free, the campus boasts of tree-lined walk ways, spacious lawns, and playing fields etc. The University provides an ambience perfectly conducive to teaching, learning and research. The world class infrastructure includes modern auditorium, a well stocked library, and computer centre functioning round - the-clock, executive dining hall/mess, canteen, banking and postal services.

The University has separate hostels for undergraduate and post graduate course students. Separate Boys and girls hostels are located in the vicinity of the campus. Security of the students and hygiene at the mess have been important aspects. 24hr Internet connectivity is available in every room of the hostel on a high broadband speed.

Library

Modeled on the pattern of international libraries, KU's library has a modern ambience, backed by efficient service and facilities, and supplemented by courteous and competent staff. Apart from providing the best of reading materials published, it also provides access to information of products through internet and a wide range of services set to the highest professional standards.

The **c**omputer **l**ab

Computer is the latest word in any Industry. KU's Computer lab is not only spacious but is well equipped with the latest know how and support such as Internet for students, good guides and facilitators. The computers provided are of the latest Configuration and are constantly upgraded to meet new standards.

Residing

facility

The University has separate hostels for undergraduate and post graduate course students. Separate boys and girls hostels are located in the vicinity of campus. Security of the students and hygiene at the mess have been important aspect. 24 hr Internet connectivity is available in every room of the hostel on a high broadband speed.
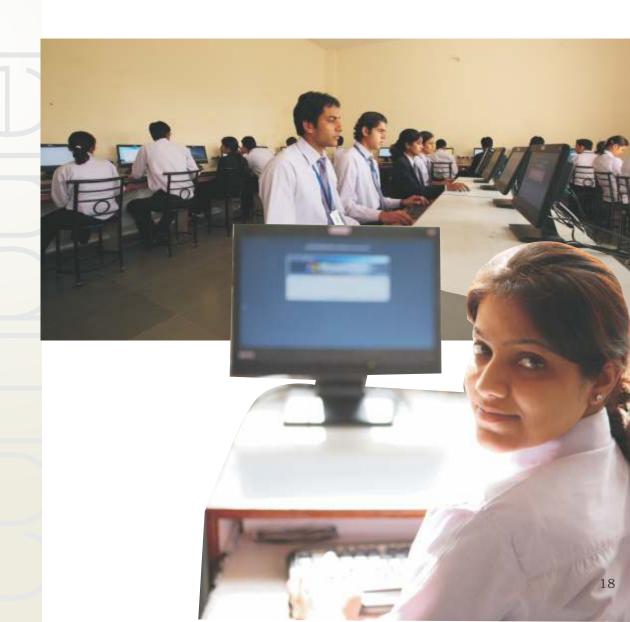

Our faculty

The diverse faculty group at the University consists of leading academicians and practitioners, distinguished by their emphasis on the integration of research and practice in classrooms. This translates into blend of theory and practice that enriches the curriculum, learning process, fieldwork and institutional design at all levels. The faculty members also serve as mentors for students. Under the aegis of the student mentorship programme, faculty members associate with students to create a closely knit community. Through frequent meetings and interactions, a vibrant learning environment is created on campus.

By constant interaction of Faculty with students, they are encouraged to gain a deeper perspective of practical implications of their education systems. The University lays great emphasis in the outcome of the courses offered and the faculty plays a critical role in this process.

Courses

Faculty of Management Studies

S.No	Name of Course	Tenure		Mode	Eligibility
		Semester	Year		
1	MBA	4	2	Semester	Graduation
2	MBA with Dual Specialization	4	2	Semester	Graduation
3	Executive MBA	2	1	Semester	Graduation+3 yrs work Experience / Diploma (3 years) +5 year work Experience
4	BBA	6	3	Semester	10+2 OR Equivalent
5	BBA (Lateral Entry to 3rd Sem)	4	2	Semester	10+2+1 year Diploma in Business Administration

Specialization of MBA & Executive MBA

Marketing, Retail, Human Resource, Hospitality, Finance, Insurance & Banking, Rural management, Production & Operation management, Information Technology, Fashion Designing, International Business, Disaster Management, Project Management, Quality management, Hotel management, Hospitality & Tourism Management, Hospital Management.

Faculty of Engineering & Technology

S.No	Name of Course	Tenure		Mode	Eligibility
		Semester	Year		
1	M.Tech.	4	2	Semester	B.Tech / B.E in Respective Subject
2	B.Tech.	8	4	Semester	10+2 (PCM)
3	B.Tech. (Lateral Entry to 3rd Sem)	6	3	Semester	10th with 3 year Diploma in any branch of Engineering from State/ Central Govt. recognized Technical Board / Institution / University. OR B.Sc. PCM / B.Sc. Math.
4	Diploma in Engineering	6	3	Semester	10+2 OR Equivalent
5	Diploma in Engineering (Lateral Entry to 3rd Sem)	4	2	Semester	10+2 PCM / ITI / 2 years Vocational course. Respective Subject / 3 year Apprenticeship.

Specialization for Diploma Engg. / B. Tech. / M. Tech.

Mechanical , Electrical, Electronics & Communication, Civil , Computer Science/ Information Technology, Electrical & Electronics, Mechatronics

Sub specialization for M.Tech- Mechanical

Mechanical Design, Production Technology, Thermal Engg

Sub specialization for M.Tech -Electrical

Control & Instrumentation, Power System Control

Sub specialization for M.Tech -Electronics & communication

Communication System, Control & Instrumentation, Digital VLSI Design, Microwave & Optical Communication, Multimedia, Power System, VLSI Design & Embedded System

Sub Specialization for M.Tech- Civil

Highway & Transportation Engineering, Hydrology & water Resourced Engineering, Structural Engineering

Sub specialization for M.Tech- Computer science

Multimedia, Object Oriented Software Development, VLSI Design

Sub specialization for M.Tech- Information Technology*

Sub specialization for M.Tech Electrical & Electronics*

*To be finalized

Faculty of Information Technology

Industry Integrated Courses

Industry Integration

Industry Integration is a process of integrating academic curriculum of a course with the Industry requirements in such a way that the end product becomes a useful input for the Industry.

Industry Integration is the unique aspect of these programmes which not only differentiates our programmes from all other but is beneficial to student as well as the industry .This concept is different from traditional management education.

To understand Integration let us understand the TRADITIONAL Management qualification .

In traditional management qualification at under graduate or post graduate level the typical set up would consist of a regular college having infrastructure & facilities .There will be class room teaching as per the curriculum, regular test, personality development & other facilities.

What is lacking in a traditional setup is limited industry interface of only two months summer training in an industry and hence once the student pass outs from the college & joins an industry he has almost nil or limited industry experience , he learns on the job and while learning on the job he struggles to understand organization , procedures , application of known management Concepts & then looks forward to growth after 2 to 3 years.

On the other hand Industry has to deal with a fresh recruit who has no knowledge about the industry apart from what he has learnt In the text books.In the absence of structured induction & training department & everyone busy With his / her job it takes a much longer time to train a person ,make him comfortable & start getting output from him / her.

On the contrary in Industry Integrated education system where a student after learning basic management concept takes up training in an industry of his desired specialization for 3-4 days in a week as a regular employee under the guidance of an internal guide from the institute & an external guide from the Industry .In this system he is able to apply class-room knowledge at his work place & can discuss work place situations with other students & can also seek solutions of the same with his/ her faculty.

The net result is a perfect integration of class room learning with the work place performance leading to a roughly two years experience in case of Under Graduate Programmes & one year experience in case of Post Graduation Programmes.It is a win -win situation where a graduate or post graduate does not approach industry with only the degree or diploma but with relevant experience and not with the fresher tag. He\ She is also in a position to demand higher salaries than their traditional Management qualified colleagues that leads to faster growth and achievement of personal & organization objectives.

It is a win -win situation for organizations too as organization receives a management qualified trained & experienced candidate who need lesser or almost negligible time to settle in the job & who would start giving output or contribution much faster or almost instantaneously thus achieving department & organization objectives .

Beyond the classroom

TOWARDS HOLISTIC GROWTH- Going to University isn't just about getting a degree. It's about trying new things and learning new skills as well.

KU believes in overall growth of its students. It offers innumerable extra-curricular facilities and provides varied platforms for students to learn, practice, amuse, enjoy, perform, compete and fruitfully utilize their time. At Kalinga learning is a conversation, not simply a lecture. Your University experience involves so much more than your degree.

We offer lots of opportunities to develop skills and embrace new experiences and challenges outside your course. Students can get involved in groups, societies and volunteering activities to have fun, achieve something and make a difference. There are also additional benefits to joining groups and volunteering, many of which can enhance your CV. Experiences that complement your academic study will add value to your academic achievements, boost your chances of employment and develop skills that will be useful throughout your life.

Placements
our prime objective

Training and Placement department is a mandatory requirement for any University Program. It acts as a link between the Institution and the Industry by creating a strong liaison with the Industry.

Functions of Training and Placement Department.

1. Provides insights to the Management, Faculty, Trainers and the students regarding the ever-changing requirements of the corporates.

2. Provides inputs to the Institution regarding the skill sets, recruitment methods being employed at various organizations.

3. Provide finishing training to the students as per Industry requirements.

4. Provide inputs to the Industry

The Placement department constitutes a Committee consisting of the Director, Students, and Staff& People from the industry.

Objective of this committee is to link the industry with the institute and the students.

Students are groomed in the classroom in soft skills such as communication skills, language skills, reading, writing, & thinking skills.

Apart from the skills training special emphasis is given on the computer skill & personality development.

Interaction with the industry by inviting the industry personnel to provide inputs regarding industry needs, profile requirements, skills, required business practices etc.

Final placement activity starts with the preparation of Placement Brochure and major industrial & commercial cities are covered by personal meeting, telephonic and mail contact as well as through mailers.

Top of the industry is invited to inspect the facilities as well as to conduct the interviews by delivering pre placements talks leading to complete placement procedure of group discussion, aptitude tests, situation handling, and interviews leading to the final placement of the students.
