ISBM UNIVERSITY

KNOWLEDGE ▼ WISDOM ▼ HUMANITY

Mr. Mahesh R. Agrawal
(Patron)

ISBM University was established in the year 2016 with an objective to cater the multifaceted educational need of millions. Its philosophy includes offering multiple courses and programs for the students, preparing them to become successful in life and eventually to become responsible citizens of the country. We encourage them for developing their personality, metamorphosing and nurturing them to become employable as well as venture into entrepreneurship. In a nutshell, we take all our efforts for academic growth & skill development of the students.

Knowledge is the key to unlock the career of young men and women. ISBM University provides the platform for learning & research. Problem solving & decision making are dual objectives of learning. It is a challenge as well as an opportunity for the University. The challenges are accepted in collaboration with the stakeholder's viz. other Universities, research institutions, members of the faculty & society at large. The academic programs are need-based catering to the need of mankind. Excellence is a parameter. It is to be set by the academic community & drive to achieve it. It is equally important we keep close to our wider communities both in the interest of our country and our neighborhood. It will help to ensure the on-going relevant academic programmes. I welcome all and congratulate the students, parents for choosing our University. I am sure that they will be immensely benefitted by the excellent academic pursuit.

Dr. Vinay M. Agrawal
(Chancellor)

In the modern society where harmonious development is achieved by enlightenment of an individual's heart, mind and soul. I am of the opinion that education can transform the attitude, thought process and lifestyle of people leading to the development of society. Education makes people flexible in thinking rationally and making proper decisions. I have always worked towards empowering the masses. Education serves as the tool & technique of empowerment with skilled and socially relevant citizens. We initiated the benign social order for social reconstruction and social change by establishing various educational establishments as a partner in the process of economic development of the country. ISBM University has assumed the task of human capital development by integrating the basic principles of knowledge, wisdom and humanity both in its policy and practice.

ISBM University stands for humanism, tolerance, rationality, idea exploration and innovation. The approach of our curriculum focuses on experiential learning ensuring better content delivery and provisions for extra-curricular activities as integral components of the learning process. At ISBM University we seek self-motivated individuals who believe in making their own methods of learning by availing the opportunities and willing to contribute their best for social welfare.

ISBM University is proud of its state of the art technology, serene campus with aesthetically built facilities. Student's friendly policies create a satisfying academic ambience. I extend my best wishes to all the aspirants and assure them that under the mentorship of experienced faculties of ISBM University they shall be able to extract competitive advantage towards creating a harmonious, peaceful and rewarding future. Participation in wide range of academics and other activities will provide them an opportunity to acquire leadership, professional and personal traits.

Professor (Dr.) Anand Mahalwar
Pro Vice-Chancellor

It gives me great pleasure in extending my hearty welcome to all those who are seeking admission to various Programmes of ISBM University. The University is a new-age University committed to provide innovative learning programs to meet the current requirements of the industry. Its programs are research driven, skill based and knowledge intensive. The University is envisioned to be a centre of academic innovation and research where students and faculty would collaborate together to learn, research, create, innovate, inspire and incubate.

The ISBM University is established and approved by the Government of Chhattisgarh under the Chhattisgarh Private Universities (Establishment and Operation) Act, 2005 (Amendment Act 2016). ISBM University is recognized by UGC and an active member of Association of Indian Universities (AIU).

*The University endeavors to offer services across the student-life cycle, supporting the students not only with teaching-learning but also with career development, skill enhancement, employment opportunities, business incubation, fund raising and mentoring. The University's philosophy aligns with the famous quote " **What is really needed to make democracy function is not knowledge of facts, but right education**" of Late Shri Mahatma Gandhi.*

The objective of the University is to provide higher education to the door steps of the needy to access for centuries. At ISBM, it is believed that imparting need-based, high-quality knowledge is the need of the hour in order to nurture young minds to successfully meet challenges found in today's scenario, and to make them blossom as leaders to guide society. Highly qualified members of the faculty, the high quality infrastructure, well-equipped laboratories with all sophisticated instruments, the library with large collection of reference, text books and periodicals accelerates the students to become leaders of the society. It is believed that a healthy mind resides in a healthy body thus the University is having good facilities for sports and games, and co-curricular activities for overall holistic development of the students.

The University looks forward to welcome highly motivated students.

With best wishes

Bosch-Bridge Programme

In collaboration with ISBM University, Bosch Limited, the German automaker, has launched a training center in Gariyaband, Chhattisgarh.

The joint certification center is located inside the premises of ISBM University.

Spread across 5000 sq.ft, the center imparts training in the areas of diesel systems, gasoline systems, diagnostics and auto electricals among others areas. The Center has been equipped with Bosch Equipment. The training center provides BOSCH-BRIDGE programs to students of ISBM University, technicians and service personnel.

Bosch has been providing training services to thousands of technicians, service personnel, and lately, educational institutions for over a decade. Training courses from the Group offer knowledge of the evolving technologies, and at the same time provide hands-on experience with the latest equipment.

Bosch has 31 training touch points across India and a total of 42,000 participants have been trained during the year 2017.

In the automotive aftermarket sector, Bosch is among the highest generators of employment. However, given India's insufficient labor pool there is a need to build on the country's employability level. The same has also been identified by the Government of India which has initiated the Skill India program. We are glad to have BOSCH BRIDGE training center on our campus!
