ABOUT THE ONLINE STTP

Faculty working in an institution of higher education face problems in managing large class rooms comprising of students with short attention span, varying interest and different learning abilities. ICT (Information and Communication Technology) based digital tools can be used to mitigate some of these issues. ICT has embraced all endeavors of human life and education in general also is no exception. The online STTP aims to provide an introduction to digital tools that can be integrated in teaching-learning and research for faculty of higher education. Use of these tools will help faculty to become EdTech teacher and prepare them to deal with problems related to teaching-learning and research more proficiently.

PROGRAMME CONTENTS

- Tools for effective classroom delivery
- Tools for subject content management and learning
- Tools for video content generation and editing
- Tools for student collaboration, profiling and assessment
- Tools for Laboratory conduction, examination and administration
- Tools to effectively manage and enhance research productivity

EXPERTS

The online STTP will be conducted by senior and experienced faculty from various renowned institutes working in the area of Educational Technology.

WHO SHOULD APPLY?

The online STTP will be useful to the Faculty Members from universities, colleges, and polytechnics, PhD scholars and students.

ONLINE STTP ON DIGITAL ERA TOOLS FOR TEACHING, LEARNING AND RESEARCH

November 23 - 27, 2020
