# Welcome to Indus International University

*Indus International University (IIU) is the only University in District Una, Himachal Pradesh. It is duly recognized and approved by University Grants Commission (UGC) and is proud to be one of the very few universities to have complied with all the requirements of UGC.*

## Our areas of focus are:

- Industry integrated programmes where in students work to gain hands on experience.
- Student centric approach for all round development.
- Tie-ups with foreign universities for semester abroad programmes.
- Industry relevant modern curricula and well-equipped laboratories. Project based experiential learning. ERP driven academic administration.
- Collaboration with other reputable institutions like IITs, NITs etc. through guest faculty, seminars and workshops to acquaint with the global scenario.
- Strong industrial internship/placement facilitation.

## Kartha Education Society

IIU is a part of the Kartha Education Society (KES), Mumbai. Dr. Sudhir Kartha is the Chairperson of KES. The KES group operates schools and colleges in India, UAE, UK, and Online. The members of the society being educationists themselves with international academic experiences provide leadership and directions for building IIU with the flavour and content of a global university. An ethics based organisation, IIU has been set up as a not-for-profit institution with the primary objective of providing access to higher-education opportunities for Technology, Science, Management and Humanities aspirants in rural or under represented areas, so that students need not travel to the other cities where in the major public universities have been housed.

## Establishment and Recognition Status

Established by an Act of the State Government of Himachal Pradesh in 2009, under the aegis of the Kartha Education Society (Mumbai), IIU is recognized by the UGC vide letter F.No 8-11/2010 (CPP-I/PU) dated 12th July 2010 and is included in the list of universities maintained by the University Grants Commission under section-2 (f) of UGC Act 1956.

## Vision

The Indus International University envisions to be recognized nationally and internationally as a leader in providing innovative educational opportunities for learners within the global society.

## Mission

The mission of the Indus International University is to provide high quality, contemporary world class undergraduate education to its students and produce graduates who will be well prepared for a globally interdependent, culturally diverse society and be leaders in their respective professions.

Message from

## The Chancellor

Welcome to the Indus International University. We believe, education is about empowerment through the development of ability to reason, judge and make informed choices. Our endeavour is to prepare the youth for the large arena, both in India and abroad. At our university, we provide you with a holistic educational experience committed to excellence. Our team of faculty and staff are dedicated to impart high quality education with a difference through latest ICT tools. We are committed to provide a well rounded education, quality sporting and other infrastructure facilities to its students. We teach keeping the students in focus, bearing in mind how best they learn and to what purpose. I cordially invite you to explore the IIU through our web site and to physically visit our picturesque campus. You will discover that the University is founded on strong principles offering world-class education at an affordable fee. You will find evidence that teaching learning, workshops, guest lectures, industrial visits, and innovation by students are our priorities. With this training you will be equipped to effectively face the challenges of tomorrow.

We seek to ensure progress and growth of everybody associated with IIU.

I'm sure you will agree with our University motto "Creating futures, Changing Lives"

**Dr. Sudhir Kartha**  
**(Ph.D. Univ. of Bolton, UK)**

Message from

## The Secretary, KES

Indus International University is the flagship institution of KES. The members of the society being educationists themselves with international academic experiences provide leadership and directions for building IIU with the flavour and content of a global university. It is therefore but natural, that IIU can be proud of able local administration and global exposure. I am confident that the students enrolling in IIU will have a unique blend of the local and global practices.

I call upon the students to be a part of the university in the state of Himachal Pradesh known as the "Switzerland of India". Come, join IIU community and absorb the rich experience.

**Sh. John Neelankavil**

Message from

## The Vice Chancellor

There is nothing stopping an idea whose time has come. Indus International University that was set up with the visionary idea of taking higher education to the remote corners of Himachal Pradesh, is now set to take its next step forward. Yes, it is our conscious choice to further reach out to all corners of Himachal and neighbouring States. In the last eleven years, Indus International University, has emerged as a favorite destination for quality education and continues to evince interest from far and wide.

Our infrastructure in terms of class-rooms, library, Computer Centres, laboratories etc. are world class. Apart from Engineering, Applied Science and Management courses, we are starting with D Pharm and B Pharm, from the coming academic year. Our faculty members are from reputed institutions, with rich experience. Our academic rigours are comparable to the best institutions in the country. Our past record of placement of students in the industries, are demonstrative. Our current focus is on improving the add-on qualifications of the students through NPTEL, NDL, SWAYAM, MOOC, GIAN courses etc. so that they are job-ready to take on the demanding profile of the industries. We are also keen to equip our students for higher education and competitive exams.

As we review our performance in the last five years, we are determined to take the next step forward. And that is not going to be just baby steps, but a grand leap for our students. We have put together some of the best brains, best hands and best resources to make it happen. Together we are destined to succeed. All the faculty members and administrative staff of Indus International University are committed to take this grand leap, wide enough to match your aspirations and high enough to be seen by rest of the Institutions. We call upon the industries, academicians, parents and institutions, to take note of our renewed vigour and join hands in realizing the dreams of our students.

**Prof. (Dr) S. Raman Iyer**

Message from  
**The Dean**

## INDUS School of Sciences & Technology (ISST)

INDUS School of Sciences and Technology was founded contemporaneous with the university and offers primarily technical programmes at both UG & PG levels apart from vocational programmes. Backed by dedicated and qualified faculty members and the supporting staff, this school has made an impact in this region and surrounding states as one with several unique features. We are committed to turning our UG students into a professional Engineer, Leaders, Researchers and enabling placements through our vast network of contacts with the corporate world. Our PG students are nurtured for academicians, Scientist and research professionals. We welcome your interest and invite your further inquiry and hope that you might join us as one of the elite students.

Dr Bubun Banerjee  
Dean , School of Sciences and Technology

# DEPARTMENT OF CHEMISTRY

## Introduction

It is our great pleasure to welcome you to the Department of Chemistry headed by Dr. Bubun Banerjee under the School of Sciences and Technology. Earlier a service department, now this new department has come into independent existence from 2014, offering UG, PG & Research programmes namely: B.Sc. (Hons.), M.Sc., M.Phil & Ph.D. The course curricula of each programme have been designed with emphasis on industry relevance. Our department is fully conscious about the fact that chemistry plays an important role in the development of science, engineering and technology. The basic chemistry laboratories are being upgraded to PG level research laboratories. In our department students from undergraduate as well as postgraduate streams are deeply engaged in learning and we connect them to opportunities in employment and education. The department helps students to develop their technical knowledge, skill and ability; motivating them to think creatively, helping them to act independently.

## Career Opportunities

With boom in pharma, FMGC, packaged food, agro-industries, beverages, a number jobs as analytical chemist, industrial chemist, environmental chemist are available for both B.Sc. (Hons) and M.Sc. degree holders. Noted MNCs like Cipla, Cadila, Ranbaxy, IndSwift, Sun Pharma, Mankind Pharma, R S.Labs, LOVINCARE cosmetics pvt ltd., Swiss Garnier etc employ chemistry graduates and post-graduates. Students may also opt for teaching and research opportunities in universities and CSIR laboratories.

## Departmental Achievements

Dr. Bubun Banerjee's research interests focus on the development of novel synthetic methodologies for biologically active compounds with special emphasis on greener aspects. He has published over 50 research publications including original research papers, review articles in various internationally reputed journals published by Elsevier; Wiley; American Chemical Society; Springer; Royal Society of Chemistry; CISRO publication, Australia; Arkat, USA etc. His work has been cited 681 times in different internationally reputed journals. His current Hindex is 13 and i10 index is 16. Anyone can find his research activities from his ORCID 0000-0001-7119-9377. Students from department also participated in research activities.

### Laboratories

- Advanced Organic Chemistry Lab.
- Inorganic Chemistry Lab.
- Physical Chemistry Lab.
- Chemistry Software Lab.

## DEPARTMENT OF MATHEMATICS

### Introduction

Presently Department of Mathematics is moving under the able leadership of Mrs. Shivani Thakur. The department offers both B.Sc (Hons.) and M.Sc. programmes apart from acting as a service department to engineering programmes. Both of its B.Sc. (Hons.) and M.Sc. programmes are applied in nature with emphasis on application rather than theoretical mathematics. It has qualified and experienced faculty members who apart from teaching are also engaged in project guidance.

# DEPARTMENT OF PHYSICS

## Introduction

Department of Physics is a part of the Indus School of Sciences & Technology. It came into existence as an independent Department in August, 2011 with the commencement of M.Sc. Physics Programme. Previously it was one component of Applied Sciences. The Physics Department has well qualified and experienced faculty members. The department is involved in development of infrastructure of high quality to fulfill the needs of various science and engineering main streams.

Department has well equipped laboratory facilities for undergraduate and postgraduate students. The Department has one Applied Physics laboratory for undergraduate classes, Electronics Labs (analog & digital), Optics Lab, Condensed Matter Physics Lab. For postgraduate classes and a dark room for experiments related to light. Department is also involved in the development of a Research lab for R & D activities. Our Faculty members are actively engaged in research. The research areas are Organic semiconductors, organic electronics, nanomaterials, and related fields.

## Laboratories

- Research Lab.
- Applied Physics Lab.
- Electronics Lab.
- Condensed Matter Physics Lab.
- Optics Lab.

# DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

## Laboratories

- Database Systems Lab.
- Programming Languages Lab.
- Computer Architecture Lab.
- Operating System Lab.
- Computer Networks Lab.
- Compiler Design Lab.
- JAVA and Adv. Java Programming Lab.
- Computer Graphics Lab.
- Simulation and Modeling Lab.
- Web Based System Designs Lab.
- Advanced Computer Architecture Lab.
- Added System Design Lab.

## Introduction

The mission of the Department of Computer Science and Engineering (CSE) is to maintain a programme of excellence in teaching, research, services and imparting knowledge in Computer Science and Engineering through comprehensive educational programmes. The Department has been offering B.Tech. in CSE since 2009. The Department has well equipped laboratories with high-end computers and relevant software. Department is also actively involved in organizing workshops seminars and training programmes for the benefit of students and faculty members as well. Industrial visits and summer internships are regular features of the programme delivery. In house research projects are also encouraged apart from on-demand projects for consultancy jobs. Students find placement opportunities in reputed MNCs and local IT companies.

Keeping in mind the fast paced world's need of IT graduates, the department offers BCA, B.Sc.(IT) & MCA programmes. The primary emphasis of these programmes is to develop diverse Application Software rather than designing computer hardware and system software. Each program is designed to bridge the chasm between computing theory and applications. The department has adequate computing laboratories and licensed software. Being exposed to quantitative and qualitative analysis skills, which are built into the curriculum, the students are thus trained to be innovative and creative. The faculty members are all PG degree holders and some of them are also pursuing Ph.D.

## Career Opportunities

Booming IT sector in India has plenty of jobs for fresh computer science graduates. Computer professionals can get jobs in non-IT companies like universities, research institutions, private and public industries, government departments, business & commercial organisations and the manufacturing sector, etc. Moreover, numerous national and multi-national computer manufacturing companies, hardware system design and development companies, networking companies, software development companies, etc. require computer professionals in large numbers.

# DEPARTMENT OF CIVIL ENGINEERING

## Introduction

### Laboratories

- Fluid Mechanics Lab.
- Civil Engineering Materials Lab.
- Architecture & Building Drawing Lab.
- Solid Mechanics Lab.
- Surveying Lab.
- Materials Science & Engineering Lab.
- Structural Analysis Lab.  
Concrete Structure Design Lab.
- Soil Mechanics Lab.
- Water Supply Engineering Lab
- Transportation Engineering Lab

Started in 2009, the mission of the Department is to impart high quality under-graduate education and carry out research in various disciplines of Civil Engineering. It currently runs academic programmes leading to the award of B.Tech. and M.Tech. The Department has all laboratories fully equipped with state-of-the-art facilities to support the research and teaching activities. Important technical software related to Civil Engineering is available to enhance the quality of learning. Currently, faculty members in the department possessing Masters and Ph.D degree from IITs and reputed institutions. The B.Tech. programme offered by the Department of Civil Engineering encompasses many areas, such as Solid mechanics, Concrete Technology, Geo-Technical Engineering, Structural Analysis, Transportation Engineering, Design of Steel structures, Irrigation engineering and Estimation & Costing. The department has been offering M.Tech. Course in Construction Technology, Highway Engineering & Structural Engineering since 2013. The course delivery is through digital lectures, classes, field visits, project works and dissertation component.

## Career Opportunities

With boom in infrastructure projects, design and construction based jobs are available for both B.Tech. and M.Tech degree holders, both in private and public sectors. Noted PSUs are NHPC, NTPC, DMRC, HPCL, SAIL, WAPCOS, while in private sectors civil engineers are absorbed by L & T, ACC, NCBM, AFCONS, HCC, AECOM, Gammon India, Simplex Projects, Associated Engineering, IVRCL infrastructure etc

# DEPARTMENT OF MECHANICAL ENGINEERING

## Introduction

The mission of the department is to produce quality and professional engineers for the industry and society. It has well qualified faculty members who have specialisations in fields of Thermal Engineering, Design, Production and Materials Engineering. Apart from teaching the faculty members are also actively involved in research and development activities. The B.Tech. Programme offered by the Department encompasses many courses such as Solid Mechanics, Production Technology, Thermal Engineering, Structural Analysis, and Industrial Engineering. This background is strengthened and integrated through application in a sequence of broad engineering design supported by well-equipped laboratories and workshops. The department regularly conducts seminars and workshops for the benefit of the students. Students of this department have bagged 1st and 2nd prizes at IIT Mandi in Robotics Competition. The department recently organised a two-day workshop on AutoCAD, which was well received. Department has strong industrial links for providing summer internships at reputed organisations like SML, Swaraj Tractors, Sonalika etc. The department also offers M.Tech. Programme specialising in Production Engineering, since 2013.

## Laboratories

- CAD/CAM Lab.
- Manufacturing Practices Workshops.
- Solid Mechanics Lab.
- Fluid Mechanics Lab.
- Machine Drawing Lab.
- Machine Shop Lab.
- Fluid Machines Lab.
- Strength of Material & Dynamics of Machine Lab.
- Thermal, Vibration & Instrumentation Control Lab.
- Metrology, Machine Process.

## Career Opportunities

Mechanical engineers can find employment both in the government and private sector undertakings. Major industries those employ mechanical engineers include automobiles, space research, aeronautical, energy and utilities, air conditioning, bio-mechanical industry. Other major employers include giant manufacturing plants, air conditioning and refrigeration industry, turbine manufacturing plants, oil and gas exploration & refining industries and the agricultural sector. Top companies/sectors are: automobile and auto part manufacturers, aerospace industry, various Government sector undertakings, aviation companies, steel plants, thermal plants and gas turbine manufacturers, air conditioning and refrigeration industry, shipping industry, engineering consultancies and armed forces.

# Department of Electrical and Communication Engineering

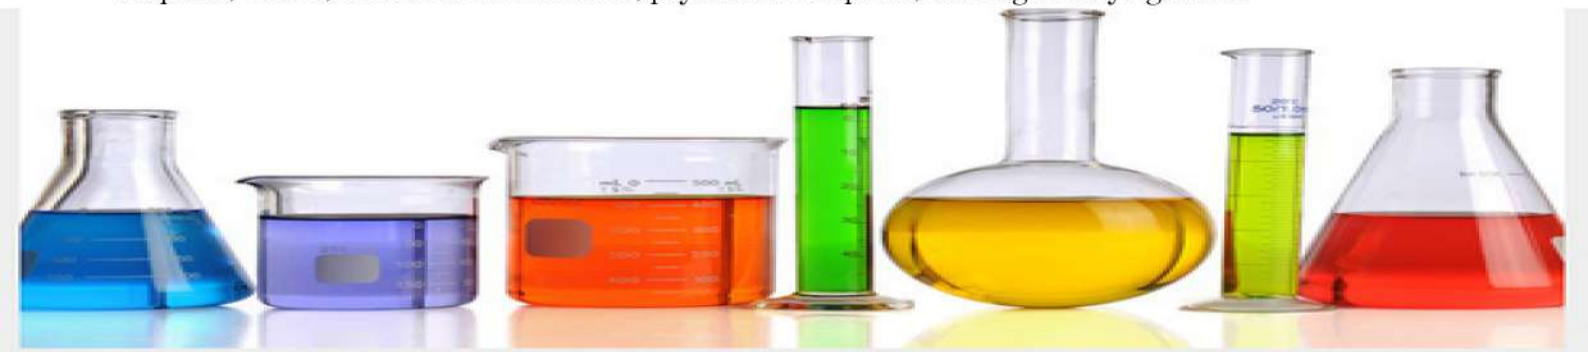

## Career Prospects in Electrical Engineering

Electrical Engineering is study and application of electricity and electronics. It is an interesting branch of engineering because it involves study of computers, electrical, electronics and communication. Electrical engineering primarily deals with generation, transmission and distribution of electricity.

# DEPARTMENT OF PHARMACY

Career Scope & Job Opportunities in Pharmacy field are huge. Due to the opening of large pharmaceutical companies, the future in the field of pharmacy is bright. Pharmacists can practice in community pharmacies, hospitals, clinics, extended care facilities, psychiatric hospitals, and regulatory agencies.

Message from  
**The Dean**

We are also very proud to state that Ms Sunita Kumari , Research Scholar Ph.D Business Management won Asian Research Scholar 2019 held in Dhaka , Bangladesh. I invite all undergraduate ( BBA, B.COM & BHM) , Post graduate ( MBA ) & Research ( Ph.D) students to be a part of this social relevant, nationally rooted and globally focused centre of learning. Welcome to ISAME.

**Dr Ampu Harikrishnan**  
Dean , School of Arts Management  
and Education

## Indus School of Arts Management and Education ( ISAME)

IIU School of Arts Management and Education (SAME) will prepare you for prominent management roles at the world's best arts organizations by providing the managerial, ethical, financial, marketing, fundraising, and communication skills you need to successfully run an arts organization. While mastering the business side , you will learn to make art happen by developing and supporting artists, artistic communities, and arts institutions.

Our graduates are business-savvy arts leaders. At IIU SAME , you will become part of a vibrant network of professionals and benefit from our local and global connections with major foundations and arts institutions.

Our intensive curriculum is informed by research and professional practice, and we incorporate both into your program. You will get hands-on experience working with leading organizations. You will receive a first-rate education and gain professional experience while continuing to practice your chosen discipline

The Schools strong faculty from around the world achieves rigorous standards for research productivity and teaching effectiveness. The school attracts top quality students and engages them in the highest level of hands-on business education.

As a business , hospitality and arts school we offer our students, faculty, and members of the wide academic and intellectual resources. The Schools research and teaching draws upon Business Management , Hospitality and Tourism Management to stimulate opportunities for technological innovation and economic development.

# DEPARTMENT OF HOSPITALITY AND TOURISM MANAGEMENT

Department of Hotel Management offers BHM (Bachelor in Hotel Management) with intensive training in housekeeping, food & beverages production, food & beverage services, front office management, guest management and room services management. The department in association with leading five star hotels of the country provides pan-India based practical training that opens up wide range of career options from various segments in hotel, hospitality, travel & tourism, aviation hospitality management, event management etc. Department has 100% placement since its inception in 2012.

### LABORATORIES

- Front Office Lab.
- House-Keeping Lab.
- Food & Beverage Production Lab.
- Food & Beverage Service Lab.
- Bar Service Lab.

# DEPARTMENT OF BUSINESS MANAGEMENT

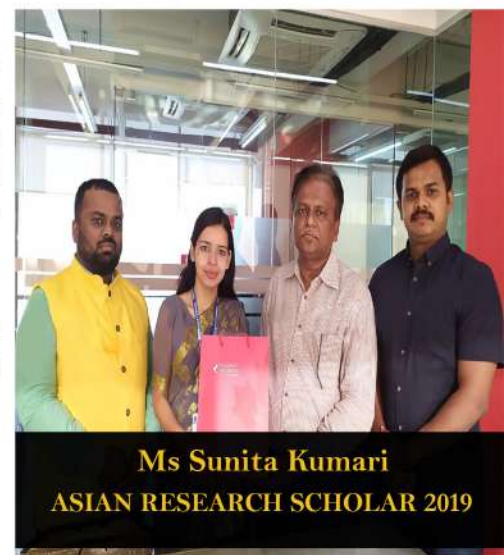

## Introduction

Department of Business Management started with the inception of IIU. It has made a mark in the region for its stimulating academic, co-curricular, industry linkage environment & unique course delivery. With a basket of undergraduate courses (BBA & B.Com), post graduate courses (MBA) and Ph.D program in management, this department awakens the best in the students, refines it and guides them for bench marking to attain future success. Uniqueness of the department lie in its industry oriented academic system were emphasize is laid on industry internships, live projects etc.

The department offers one of the finest and best research avenues in the form of Ph.D in Business Management. The research scholars pursuing Ph.D have won laurels in national and international avenues. Our scholars research papers have been selected by Indian Institutes of Management and various other institutions/research organisations of repute for their national and international conferences.

Asian Research Scholar 2019 research paper competition was won by Ms Sunita Kumari, Ph.D research scholar of the department. The event was held in Dhaka Bangladesh.

**Ms Sunita Kumari**  
**ASIAN RESEARCH SCHOLAR 2019**

# Admission Procedure & Documents required

## Steps for admission :

- Download the Admission form or purchase the Prospectus 2020-21 at IIU counter.
- Visit the IIU campus; Interact with faculty & get counselled at the admission office.
- Appear for IIU test / test as notified, if required.
- Fill the application form (Rs. 750/-) with all academic credentials and eligibility transcripts.
- Pay the registration fee (Rs. 5000/-) plus tuition fee and collect the receipt from accounts.
- Fee concessions and free facilities are available with applicable terms & conditions.

## Check list of documents required at the time of admission in programmes offered by IIU.

- Date of Birth Certificate (10th Certificate).
- (10+2) or Diploma Marks sheet as applicable.
- Graduation Marks sheet for admission in PG programmes.
- Migration Certificate from previous University / Board.
- Character Certificate issued by Institute last attended.
- Course completion / Degree certificate and marks cards.
- Entrance test score card, if programme requires (JEE Mains, CAT, MAT etc.)
- GATE/HPTU CET score card for admission in M.Tech. Programmes.
- Four (4) passport size coloured photographs.
- Address proof (Aadhar card).

## Scholarships & Opportunities (for resident Indian students)

- Up to 100% concession in Tuition fee, Transport and Hostel accommodation for meritorious students.
- Transport at subsidized rates for all major towns/villages in HP& Pb.
- Special concession to wards of Military, Para Military, Police and national/state award winning teachers.
- Financial aid to Single Girl Child, Younger Sibling, Sports Persons, Artists and NCC Cadets.
- Scholarship to SC/ST/OBC/Minority students as per govt. norms.

The application to seek scholarship shall only be considered, if a candidate ensures that all dues and required documents are submitted at the time of seeking scholarship.

Scholarship once awarded shall continue for all the semesters of the programme, but limited to minimum duration of the programme. However, this will be discontinued due to non compliance of maintaining CGPA of 7 or higher / Minimum Attendance of 85% / Disciplinary and other conditions as per the Scholarship Policy.

## Migration policy

- Students are allowed to migrate from Indus International University to other universities and from other universities to Indus International University as per provisions made in University Academic Regulations.
- Migration to Indus International University from UGC/AIU approved universities shall only be considered before the commencement of third semester
- Migration from Indus International University shall only be allowed after the completion of first year. Such student has to submit the fee of all the pending semesters of the program.

## Minimum Class Strength

- University may withdraw a programme, if the number of students admitted in a program is less than 30% of the total sanctioned in the programme. Students admitted in programmes which have been discontinued due to non-conformation of minimum number of class strength, will be required to exercise programme-change option. In such cases the student will have to pay additional fee, for a higher fee programme. For a lower fee programme, the additional fee charged, if any, shall be adjusted in next semester fee.
- If the programme-change option is not agreed upon, then the tuition fee submitted by student shall be refunded.

## Caution Deposit

Each course has a caution deposit which is refundable, subject to deduction due to fine of any nature viz. breakage or loss of any university property including library, laboratory etc. A general breakage fee may be levied when the damage is general and a group of students are involved. In addition, Rs 500/- towards convocation fee and Rs. 500/- towards Alumni Association, will be deducted.

## Admission Withdrawal Policy

(Refer to UGC F.No. 1-3/2007 (CPP-II) dated 23/03/07)

- A student has to apply for refund and withdrawal of admission specifying the circumstances thereto.
- The Tuition Fee shall be refunded as per guidelines issued by UGC from time to time.
- The detail of these guidelines are available on the University website

# Accounts/ Fee Desk

IIU maintains its current bank account in PNB, Tahliwal with following detail

- 1) Name of Beneficiary : Indus International University
- 2) Account Number : 266 000 11 00 000 158
- 3) IFSC Code : PUNB0266000
- 4) Branch : Punjab National Bank Tahliwal, Una (HP)

Any student seeking admission in IIU may submit the dues / fee through "PAY FEE SYSTEM" in any branch of Punjab National Bank throughout India or through Internet banking / NEFT.

## HOSTELS

There are two hostels, one each for boys and girls. Boys' hostel is located beside the university campus while the Girls' hostel is at Naya Nangal. Both the hostels are equipped with bed, study table, and storage facility. Rooms in the hostel are available on solo or sharing basis. Excellent catering facility is provided to within the hostel for breakfast, lunch, evening tea and dinner, all days of the week. The menu changes daily to cater to all tastes. Each hostel also has a common room, TV and indoor games facility. Governance of the hostel is by a warden assisted by housekeeping and security staff.

## Healthcare

Medical staff is always available in the IIU campus during the working hours for primary and emergency health care of the students and staff. For advanced healthcare, MOU has been signed with a well-equipped and managed ultra modern hospital, available at one km away from the campus.

## Introducing NCC

## Facilities at a Glance

- Built-up area of about 2 lakh sqft spread over 7 blocks.
- State of the art classrooms equipped with LCD projectors & spacious workshops.
- Well-equipped Engineering, Science and Hospitality laboratories.
- Campus-wide wireless Internet access through 14 Mbps lease line connectivity.
- ERP driven university management system.
- Fully networked computer laboratories and library.
- Spacious air conditioned auditorium with best acoustics and large LCD screen.
- Outdoor playground for football, cricket, basketball and Indoor play arena for badminton and table tennis.
- In campus PNB ATM.
- New NSS unit established.
- NCC division for boys & girls is established in IIU.
- Hygienic and spacious cafeteria.
- Separate hostel for boys and girls
- Fleet of new buses for student and staff conveyance.
- Reverse Osmosis (RO) clean water.
- Banking partner of IIU - PNB, Tahlwal.

## Transport

IIU has fleet of 12 new and cosy star buses to provide transport facility. These buses ply up to various destinations located at about 80 km in Himachal Pradesh and 100 km in Punjab. Rs.750 as administrative charges will be applicable to all students.

# University Examination Policy

All UG and PG programmes follow a semester system where each semester have minimum ninety instructional days as per UGC guidelines. The FALL semester starts in August while the SPRING in January and ends with examination schedule. Examination Committee under the able leadership of (COE) determines the policies, procedure and schedules which Dr. Manish Taunk are embodied in the academic calendar. Each course has a well-defined syllabus with specified number of credit hours for theory and practical classes. The degree is awarded under course credit system.

**Continuous evaluation** is the focus for the assessment of students and evaluation is done for every theory and practical (where applicable) course. This is achieved through quizzes, assignments, presentations, projects, mid-semester test and final semester test for each student. As per UGC guidelines 75% attendance in lecture classes in every course is must for appearing in the final semester test. As per academic regulations of IIU, the following marks will be awarded for attendance: 95% and above: 10Marks, 90-94%: 8Marks, 85-89%: 6Marks, 80-84%: 4Marks and 75-79%: 2Marks. The student's performance in each theory course is evaluated for a maximum of 100 Marks of which 30 marks are for in-semester assessment, 10 marks for attendance and 60 marks are for the mid and end semester examinations. Absolute marks are awarded for all tests, quizzes, assignments and laboratory work evaluations. It is also mandatory to secure 30% marks in theory examinations (MST+FST) of a course to pass. Based on the performance of a student, each student is awarded a letter grade in each subject at the end of semester. The following letter grades are broad indicators of the UG grading policy, for the accumulated weighted marks for a particular course, in an entire semester.

Letter grades A, B, C, D are pass grades and F grade is the fail grade. A student is declared pass only if he/she secures the minimum required grade points in each course. If a student fails in any subject he/she will directly go to backlog examination after proper application for the same. All academic activities including attendance to results of all examinations can be viewed on ERP by students using their login Ids provided by examination cell. The university follows zero tolerance for malpractice in examinations and there is strict provision of penalty.

## Faculty-Advisor Initiative

The University has a very successful faculty-advisor scheme of fostering the culture of strong bonding between students and academia. Students in the University are divided into small groups and each group is looked after by a faculty member. Faculty members remain in regular contact with the parents and discuss the performance of students time to time throughout the academic programme. Students' absence in the classrooms are informed to their parents regularly. The basic aim of the initiative is to provide a holistic environment where prospective engineers, managers and career-oriented students develop as socially responsible human beings.

# Training & Placement

IIU has academic arrangements with several multinational companies who have industry accredited offerings for training in soft and domain-specific skills. These, though not part of our regular curriculum, are offered to selected students in addition to their degree programme. Some of the industry accredited programmes like MBA have strong work experience component with a provision for earn-while-learn scheme in place. For engineering programmes, internships with industry is a must in the final year of the course while for MBA programme, it is industry linked from the first semester itself. The cell provides the following facilities to its registered students: a) Industry and Career Orientation programmes, b) Soft skill and personality development workshops, c) Mock written Tests for IT industries, d) Mock Interview and Group Discussion, e) Invited Talk by Experts from Industry, Academia and regulatory bodies, f) Industry Visits, g) Industrial Internships, h) Placement opportunities in On-Campus and Off-Campus drives. All the students of IIU need to get themselves registered with Training and Placement Cell of IIU by filling the online registration form. Placement assistance is provided only to all those registered under the placement cell. T & P cell provides and ensures 100% placement assistance for all the eligible graduates of IIU. Ultimate selection of the student though depends on the performance of the student in the interview, meeting the eligibility criteria and industry specific needs & parameters. Below are the programme wise, placements percentages of the 2017. Graduates/Post graduates, within the first three months:

# RAGGING

## Anti-Ragging Measures

Ragging is strictly prohibited in IIU and its hostels. We provide a fostering environment for a strong vibrant and warm relationship amongst the senior and junior students. Any interactive session between senior and junior students shall be conducted in the presence of teachers. Any interaction that causes discomfort may invite punishment that may take any of the following forms as decided by the Anti-Ragging Committee, depending upon the severity of offence:

- Suspension from classes/hostel or Expulsion from the university
- Debarring from appearing in university examination
- Rustication from the university for a period up to two years
- Fine up to Rs. 25,000/-
- Rigorous imprisonment up to three years through the process of court of law.

## Student Conduct and Discipline Rules

The behavior of the vast majority of IIU students is exemplary - they are responsible and considerate. To deal with those who are not, the University has a disciplinary system whose purpose is to protect the University community and to deter those who interfere with its work and activities. Students agree to abide by the University rules at the time they register and these apply not just on campus but outside of campus as well. Parents, staff and students all expect IIU to maintain a safe, orderly and peaceful environment we at IIU take this very seriously. We at IIU believe that it is important to encourage and reinforce positive behavioural patterns. Observance of the college rules and regulations is compulsory. The students who violate any of the University rules and regulations shall have to bear the consequences that come under various categories of offences. The details of general code of conduct, student grievances, various categories of offences and penalties thereof are available on university website.

## Faculty Resources

An institution is better judged for its quality by its faculty resource. The major strength of IIU lies in its team of faculty members which has a combination of both youth & experience. Some faculty members have Ph.Ds, rest of them possess postgraduate degrees. Many of the faculty members of the institute are life members of the various professional bodies and are the reviewers of international journals. Apart from performing formal instructions in the classrooms, tutorial classes and laboratories, the faculty members provide counselling & guidance to students. Individual attention to student is ensured through faculty-advisor scheme for proper personality development of individual & achievement of academic excellence. Faculty members are deputed to attend refresher courses, short term training programmes and industrial training in order to upgrade their knowledge base. They are also liberally sponsored to attend seminars/workshops/conferences etc. The institute periodically invites visiting faculty from reputable institutions / Universities like NITs/IITs and industry for guest lecturers to provide exposure and varying perspectives to the students.

## Sports

Life at IIU is sportive in nature, so is its student and academic community. Indoor sports arena provides facilities for badminton, table tennis and other such games while the well maintained and large outdoor playground provides opportunities for playing and hosting competitions and tournaments like basket ball, football and cricket. Students make use of the available facility during their leisure time and sports festivals. Some of our students are state level players in various sports and games. Inter-departmental, Staff-Student and inter-institutional sports competitions are held during the weekends.

## Library

Ground floor of the Main Block houses the spacious Central Library and the adjoining Reading room. The library follows an open access system and fully automated with respect to functionalities like issue, return, search of books and journals. It has more than 15,000 books in its collection covering all the courses being offered presently. IIU follows a policy of continuous acquisition and in the process of building a larger collection vast collection of e-books, digital course ware prepared by of text and reference books. In addition, the library 24 has a various faculty members.

It also subscribes to relevant print and e-journals and magazines. The library is a member of the National Digital Library IIT-KGP. The digital library section has 10 systems though access can be made from any where in the campus as the entire campus is Wi-Fi enabled. Aqualified librarian supervises the library activities and issues books to the students under college rules.

## Cafeteria

The campus houses a spacious Cafeteria with well- equipped and hygienic kitchen. It has a favorite chill out zone for students and staff alike. Breakfast, lunch are available at affordable price.

# Extra-curricular Activities

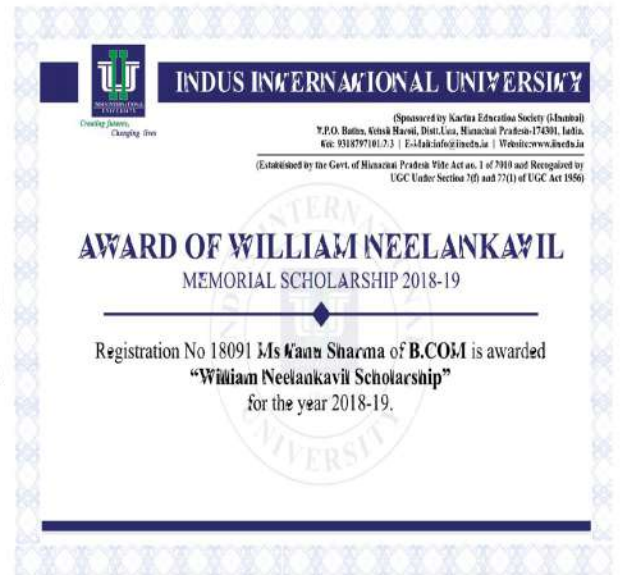

At IIU, students work, play, innovate and rejoice hard. All extra and co-curricular activities are organised under various Clubs like STEPUP, Robotics, Programming, Music & Dance and Literary at the University. IIU prides itself in having a student driven culture on campus. Students are exposed to real life experiences when they design and create models, robots etc. and manage various clubs and cells. They organize Technical festivals, Cultural festivals, Study tours, Industrial visits etc. They also arrange competitions like drama, creative writing, debates, dancing, sketching, clay modeling, computer programming, machine-designing to sports like cricket, football, volleyball, badminton and table tennis.

## Masteric 2K20

# William Neelankavil Scholarship

- Name of the Scholarship: William Neelankavil Scholarship.
- Recipients: One Student year will be selected from amongst the new admissions ( in all programmes) based on merit and prescribed criteria.
- Eligibility criteria with documents required: Must be in top 10% meritorious students of the programme enrolled in the fresh admissions and must belong to a BPL family.
- The students must provide the qualifications, marks card and income proofs.
- Scholarship amount: Tuition fee 100% waiver for all the semesters of the programme. No concession in transport, hostel, security amount, etc.
- Duration: as above.
- Certification: A letter citation awarding the scholarship.
- Sponsoring Body: IIU.
- Mode of Operation: The credit will be provided to the student's account each time when the semester fees are due for the required amount.
- Must Maintain a minimum CGPA of 7.0.

### NOTICE

It is mandatory under the **HIMACHAL PRADESH PRIVATE EDUCATIONAL INSTITUTIONS (REGULATORY COMMISSION) ACT, 2010** that all the Private Higher Educational Institutions including Universities & Colleges in the State shall offer approved courses, make admissions on merit, charge fees as approved by the State Govt, conduct fair examination/evaluation and adhere to the relevant regulatory body norms regarding faculty and infrastructure.

Any **violation of the norms** by the private educational Institutions **will attract penal provisions** under section 11 of the Act *ibid*.

For **grievances/complaints** concerning any academic or administrative lapse(s), such as overcharging of fees, admission in contravention of norms, malpractices in teaching and examinations, and deficiencies in faculty and infrastructure please contact the **Secretary/Public Grievance Officer, HP-PERC** at the above address through email/fax/by post along with relevant supporting documents, if any, for taking necessary action.
