Messages

- Sanjay D. Ghodawat
President

Quality and world class education is the hallmark of an advanced nation. I have always felt that our country has to do a lot of catching up in this area. Sanjay Ghodawat University was born out of this yearning to contribute to the nation's education sector.

Sanjay Ghodawat University today accomodates students from all backgrounds with the vision of channeling their potential to be used for the society, nation and our world. We have gone out of our way to design a curriculum in tandem with the industrial needs, we have given a wide choice of subjects to students to encourage inter-disciplinary approach, we have a team of experienced and qualified leaders, teaching staff & support staff who go out of their way to be mentors to students and to top it all we have a plush campus replete with state of the art infrastructure that is conducive to the teaching - learning process.

I thank all the parents, students and well wishers who have put their trust in our University. We are here to partner with you to bring about a synergistic outcome which will be that of empowered youths and an empowered nation.

Vision

Internationally recognized university of excellence in creating and disseminating knowledge through value-based quality education leading to betterment of mankind.

Mission

- To prepare students for life-long learning and leadership in a global academic culture.
- To create intellectual human resource relevant to the industry and society at large.
- To collaborate with institutions of international repute for academic excellence.
- To promote research and development through conducive environment.
- To encourage entrepreneurship and skill development programs.

Memorandum of Understanding

Quality Policy

Sanjay Ghodawat University is committed to establish high standards in value-based quality education to enhance and nurture young minds to excel in their chosen profession & develop into socially responsible citizens through resourceful collaboration, innovation and research.
