Nobility that Nurtures

The PAHER University is a modern educational institute established in 2010, amidst lands of the brave-hearts: home to historic royalties and cultural bounties. The University nestled in Udaipur, the city of lakes, basks in the glory of Rajasthan incorporating both the rawness of nature and the dynamics of a forward moving.

The Pacific has a lush green campus cocooned by the picturesque Aravalli Hills.

An Education Blending Cultures

At the PAHER University campus, there is never a dull moment. The lush greens as well as the buildings are invariably brimming with energy and enthusiasm. The PAHER University aims to propagate learning for students of diverse cultures and beliefs along with striving to render this multiplicity, a cohesive ground for knowledge.

The University has the best-of-breed pedagogy that inculcates a sense of both affability and sincerity among learners and teachers.

Dynamic Mission

To promote educational institutions of higher learning in various fast emerging, knowledge based disciplines, for the talented youth, where they can:

- Acquire and create most advanced knowledge in their respective disciplines of interest.
- Manifest their creative potentials through research and applications.
- Develop holistic competence with global vision, local interface, societal orientation, industrial applicability and patriotic passions.
- Make an effective contribution to the society in a dynamic environment.

Futuristic Vision

PAHER University is committed to nurture a culture that extends the contours of knowledge and intellectual property in all fields of priority for the global humanity. University will continuously develop an educational environment that enable students to acquire knowledge that is individually, socially & intellectually transformative.

INFRASTRUCTURE & FACILITIES

Laboratories

University Laboratories are completely independent and students including faculties are free to investigate anything that interests them in practice, many of them keep themselves in touch with the industry and focus their research efforts on problems with practical applications. The laboratories are poised with modern equipment required for analysis in the fields of Engineering, Commerce & Management, Dentistry, Pharmacy, Science & Education.

Library

The library act as a support to the University educational and research programs of its institutes by providing access to information that is consistent with the present and anticipated educational and research functions. Following the objectives of the institute, the library aims to develop a comprehensive collection of documents useful for the students and faculty. The secondary mission of the library is to serve as a resource center for the scholars and scientific community of the country. The University has a library with national & international journals supplement by E-learning resources. Students on campus can also avail of the facility of online journals and Ebooks provided through Delnet.

Campus

The University Campus is spread over lush green land. The campus fulfills all the norms of the governing bodies in terms of infrastructure, equipment, and modern amenities. The campus provides a perfect educational environment that is free from any type of pollution and is easily accessible.

Hostel & Transportation

The University has well-designed and properly furnished separate hostels for boys and girls; including different ones for Undergraduate and Postgraduate students. Each hostel room is well furnished with a double bed, study table, wardrobes and has an attached bath and toilet, with 24 hours hot water supply. Each hostel has separate common rooms with color television with DTH and facilities for indoor games where students can relax after exhaustive hours of study. Faculty and staff members from outside of Udaipur can also reside in the hostels.

The modern cafeteria on the campus provides hygienic and mouth-watering delicious and different snacks to the students. Special dishes are served on special occasions. The college has its own fleet of buses which punctually bring students from different corners of the city to the college at a nominal cost.
